Notice.
THE subscriber notifies the public that a deed for two lots in the town of Charlotte, was taken from him without any authority, some ten years ago. This is to notify the person withholding the same that if it is not given up he will resort to legal means to obtain possession of his rights. He can prove by Wm. Wright, Col. Beatty and John S. Moore, of Yorkville, that the deed and other property was taken. He believes the deed is in the possession of Mr. Leary, of Yorkville, as Thomas Palmer told him in the presence of Col. Beatty that he had seen and read it a short time ago at his house. I neglected to have the deed registered and I am compelled to adopt this course to try and get possession of my property.

THE WHITE MAN'S NEWSPAPER.
Is the title of a new paper to day placed before us. It is all snowy white, from the good ground work on which it is printed to the able and taking reading matter which adorn its well-filled columns. As its name indicates, it is devoted to the white men of the country, a pretty large class of people, but who for some time past have been lost sight of in a burning zeal for the black men of the country. The new paper will push its way through the world, and to a fortune, there being just such matter in it as will find plenty of friends and multitudes of readers.—
